Meet the Masters

Our young artists (grades 1st-5th) will be studying French artist, *Edgar Degas* (1834-1917). Degas' drawing secrets will be investigated in a variety of masterpieces. His works beautifully exemplified techniques of perspective and composition. Degas is most famous for his painting of ballet and horse racing scenes.

The Kindergarten artists will be studying another French artist, *Henri Matisse* (1869-1954). The bold colors and shapes of Matisse's abstract cutouts will inspire our young artists to explore shape and color relationships. The French artist created cheerful compositions by "drawing" with his scissors instead of a pencil.
